State of Jackson Park Yacht Club Address

Spring Greeting to Members!

Snow is finally gone....and it is time for the semi-annual Members Meeting.

This year the meeting will have more of a Town Hall format, where questions and concerns from members can be voiced. If a question has no answer, it will be taken up to the JPYC Board to be resolved.

Announcement: It is with sadness that we accept the resignation of Kathy King (Director) and Chiaka Patterson (Membership Secretary). Both have expressed regrets to resign, however, their personal obligations have increased and are unable to perform the duties required by these positions. Chiaka has agreed to stay on the Membership Committee and aid in the transition of leadership. Her resignation is official as of Opening Day. Kathy's resignation was effective immediately. She has agreed to stay on as Kid's Committee Chair.

The slate to replace them as posted at the Club on Sunday May 5th is as follows:

Membership Secretary: Andrew Daley (taking office as of Opening Day, 2019)

Director: Brian Wiles

The above slate will be voted on at the Members Meeting May 14, 2019

Programming Updates:

Usage and lessons for 420's, kayaks and paddleboards are underway. There are opportunities to learn about safety and usage. As demand dictates, more classes will be offered. Our Sailing 101 Class, taught by JPYC members, was a huge success and those who attended found the course very enlightening and useful!

JPYC has acquired the Ed Stein; a 39' C&C. The boat will be utilized for the Sea Scouts and Race Committee. Stand by for member opportunities aboard the Ed Stein

Unfortunately, we are not offering adult sailing lessons this season through the club. We are looking to have our version of "Crew U" developed to foster usage of the club boat Cassi-

opeia. Contact Chad King our Fleet Committee Chair if you are interested in this committee.

We are very excited to have Mario and Lila back! Focus will be on healthier menu's...we have listened!! Galley service starts June 1st; brunch 9 to 2 every SATURDAY AND SUNDAY....Dinner every Saturday.

You may have noticed a few changes happening around the club. The Ice House renovation is underway to house the Junior Sailing Program. We are attempting to limit the need for the participants of the program to utilize the dining area of the Club. Continue to look for beautification and better utilization of space projects moving forward.

We are still pursuing the "usage" of the Coast Guard Station, so stay tuned for updates.....

Sports Engine is still a learning process for all, but it is proven helpful for applications and registrations for different activities. Please keep signing up for projects, committees, event prep and breakdown, etc. There are many opportunities to meet that 25 hour a year volunteer obligation for Associate and Resident Members.

There is an additional work day on May 18th from 9:00 a.m. – 1:00 p.m. Food will not be provided; so bring your own. There are many outside projects still needing to be done, so sign up to volunteer at: https://jpyc.sportngin.com/dib_sessions/show/29816

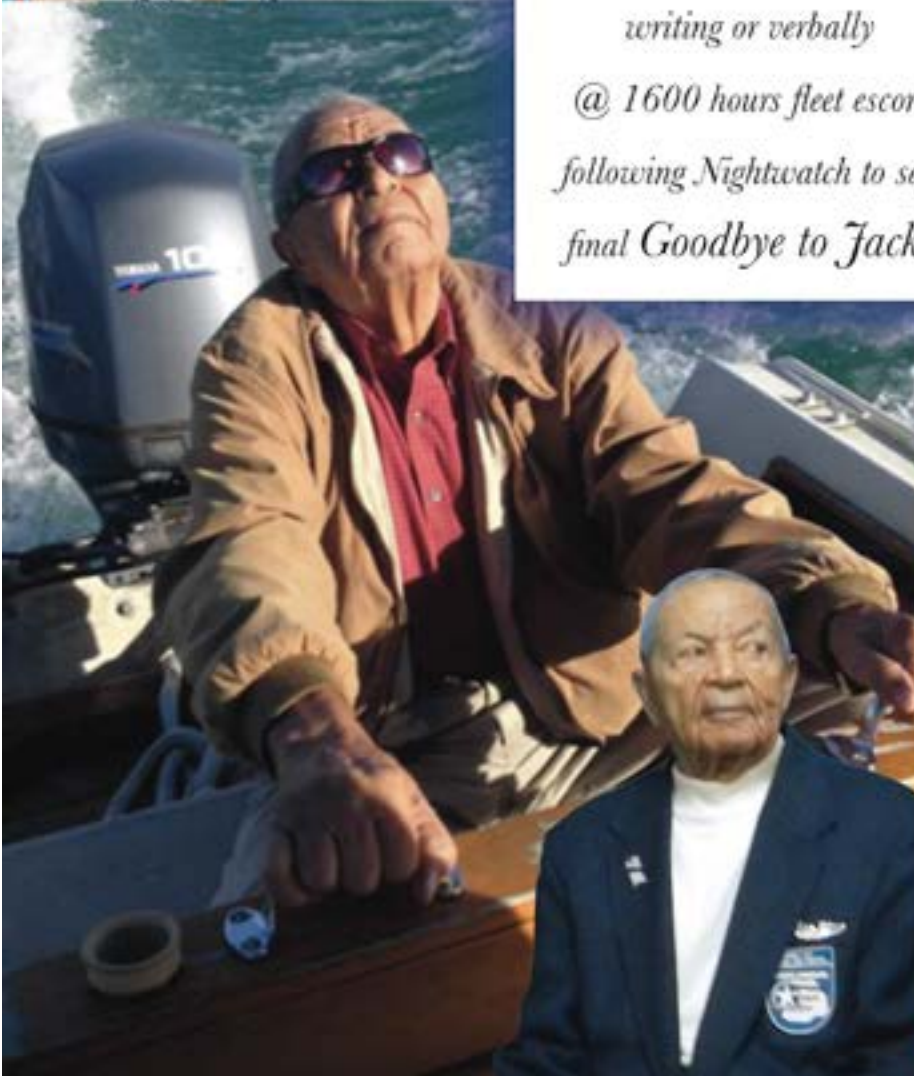

Make sure you get your JPYC calendar for 2019. Many of our activities are listed. Many more will be added as the season progresses. Please read the weekly update for upcoming events and volunteer opportunities.

Saturday, June 22, 2019

In partnership with the Storm Trysail Foundation, and inspired by safety programs for ocean racers, the Junior Safety at Sea Seminar is carefully designed for a suggested age range of Junior Sailors between 12-20 years old.

The program stresses fun, hands-on practice, communication, teamwork, and the anticipation of trouble before it happens.

This day-long session includes intensive on-the-water practice of skills such as crew overboard recovery with onshore lectures and demonstrations. For young sailors with little or no big boat experience, this seminar provides an exciting and confidence-building introduction to the thrill of big boat sailing.

The course includes core elements that every sailor should know taught by instructors specially trained by Storm Trysail.

Don't miss this fun on-the-water training and interactive demonstrations that teach critical safety skills to youth! **\$15.00 Per Sailor**

Hello Everyone!

What a wonderful job everyone has done, so far, for our club grounds!

Melvin and Bill did a fantastic job in trimming several bushes and evergreens. Awesome!.

I'm calling our team: JPYC: BAGG TEAM (Beautification - Aesthetics - Gardening - Grounds Keeping)

There are several things that need attention but we MUST get control of the grass immediately!

The goal is neat and manicured lawns with weekly cutting and edging.

I have designated the EAST LAWN (across from LaRabida) into 5 zones. If you don't mind cutting grass, we need your help immediately. It would only be a small section in one zone or if you can handle more, that would be great. We are assisting the club's present grass cutters. We all will be working together! Let me know what day and time works for you. I'll be on site.

Also, we can implement your particular task as soon as you are ready. We need to lineup the supplies you'll need for your task.

I can be reached at 312-961-3155

Thanks!

I have completed my kayak training.

It was very formative and a must take class for members. The teachers are well trained and brought up scenarios I would have never thought of. Really, this should be mandatory if you do not own a boat. There could be serious situations in a normal non-club family day at club. Just wanted to give my input on that.
